One morning, Jordan wanted to make cupcakes for Granddad.

"I can be your helper!" said Dad.

Jordan grabbed the cake mix, but something was wrong. It was full of lumps! Dad grabbed the sifter and they got rid of the lumps.

Next, Jordan got the eggs from the fridge. She broke the eggs and added them to the cake mix.

6

After she added the eggs, Jordan got a jug of milk and added milk to the mix.

Dad said, "I can use the whisker to blend the cake mix."

Dad flicked his wrist and blended the mix.

8

Jordan put pink and green cups in the cupcake pan, and Dad added the mix.

The pan had twelve cups.

"We can give five to Granddad, and we can keep the rest!" said Jordan.

10

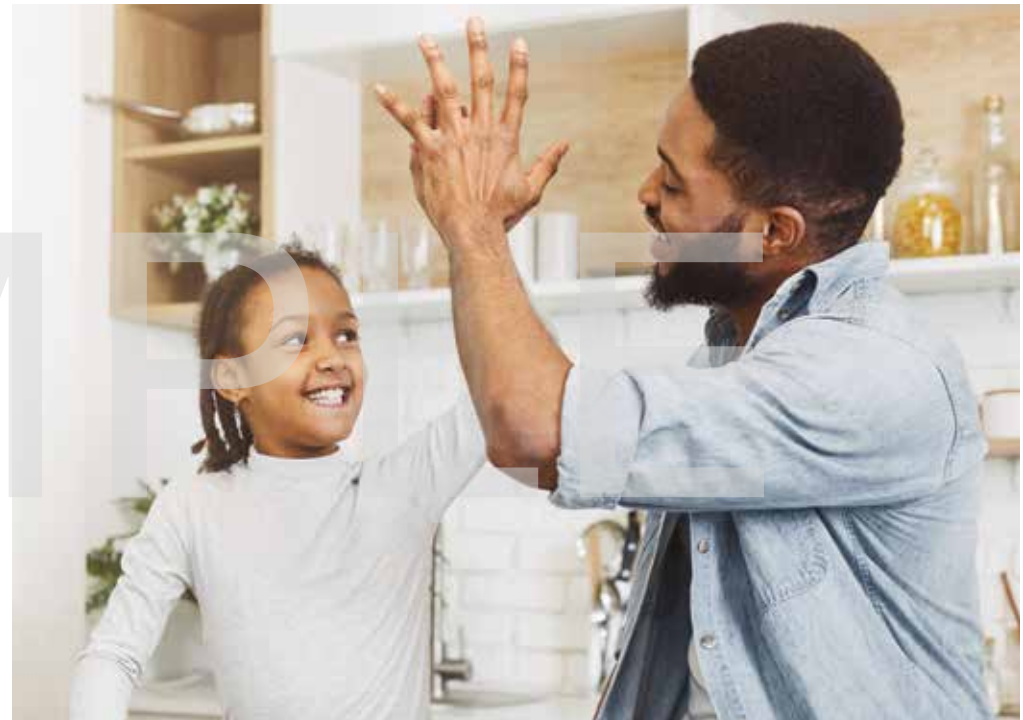

Dad put the cupcakes in the oven.
Jordan and Dad had a glass of milk while
they waited for the buzzer to go off.

12

When the time was up, Dad got the
cupcakes from the oven. Jordan added
white frosting to the top. Then Jordan
wrapped them up for Granddad and wrote
him a note.

“We did a fantastic job!” said Jordan.

14

It was so much fun to make cupcakes!
