It can be thrilling to be  
up high!

A jet will take you high in the sky. When flying at night, you can spot the major roads and city lights!

4

You might love going up, but a rapid drop can give you a fright! This ride spins as it travels up. It holds you at the top for a moment. Then, you plummet to the bottom. Yikes!

6

From the top of a high cliff, you might see birds in flight or a floating boat. Stay safe, and watch your step!

8

A bridge can also be a thrilling way to explore a high place. A bridge can span between the treetops. You might get a fright if the bridge sways in the wind!

10

If you are brave, you can take a lift up a slope. These chairs hang from strong wires, and take you right up to the top. The sights will impress you!

12

This zipline is high. Strap in tight! You can sightsee as you zip along at a fast pace.

14

Do you like being up high?
